To parents, carers and guardians

As a school we have registered with the 'Safer Schools App'.

This app is easy to navigate and is a platform for adults to understand how to keep children safe online. This app has some great tips on how to keep children safe including some of the following just to name a few:

- Social media
- Online search engines
- Gaming- including age restrictions.

Whilst in school, children only use safe and trusted internet platforms in order to keep them safe. This app aims to ensure that children only access information that is relevant to them.

This app is free on the 'Apple App store' and the 'Google Play Store'.

When downloaded enter the information as shown in the image.

Please note the following:

Name of your school: *Hallcroft Infant and Nursery*

Your entry code: *8439*

When you have had the opportunity to download the app and explore it I would really appreciate you taking the time to complete the survey titled 'Safer Schools Introduction'- this is found within the survey section.

Any issues please see Miss Cassell or email her at chestnut@hallcroft.notts.sch.uk

Kind Regards
Mrs Cook and Miss Cassell
